

15 mile Route

1. corner of southwood entrance and tram road

~4mile from the Start/Finish. This is a low stocked stop.

It is the only stop for the 15mie route.

If you are riding the 15mile route you will be taking a left here, so watch for oncoming traffic as you turn into Southwood (we will have a person with a flag)

It is important to follow the rules of the road when going back through capital circle NE.

This is a no food stop, water and cytomax only
